

## Enhance your club's impact on community health and wellbeing!

Sports clubs foster healthy and thriving communities by providing a place for movement, connection and belonging. The Health Promotion Team from Better Health Network can provide you **free, tailored, support and guidance** so your club is inclusive and safe for the whole community.

### We can work with you to

- Implement the Healthy Sports Clubs program
- Adhere to the new Fair Access Policy
- Enact health and wellbeing initiatives across the club to meet your club's individual needs
- Connect your club to local services, organisations, and other like-minded sports clubs
- Identify club strengths and areas of opportunity, and create an action plan for positive change

### Benefits for your club

- Elevate your club's reputation, attracting more players, volunteers and community engagement
- Be recognised as a welcoming, friendly, inclusive and safe sports club
- Strengthen your grant applications and increase the potential to secure new sponsors
